

Pacific Coast Reproductive Society

Annual Meeting Attendee Demographics

- ▶ PCRS is a multidisciplinary medical specialty society providing Continuing Medical Education (CME) to physicians and allied healthcare professionals. Our members represent the diversity of professions involved in Reproductive Medicine. Our current membership is comprised primarily of physicians, embryologists, laboratory directors, nurses, researchers, medical educators, pharmacists, physician assistants, health care administrators, and others.

2017 Attendees by Profession

Over 25% of the IVF cycles in the US are attributable to PCRS members.
